

The Cahill Group is one of the largest multi-disciplinary construction companies in Canada, with operations from Newfoundland to Alberta. We believe in taking care of our people with rewarding career opportunities, competitive compensation packages, and a dynamic working environment.

### **BIM Coordinator**

The Cahill Group is currently recruiting for a BIM Coordinator to support the MUN Core Science Project, the responsibilities will include:

The BIM Coordinator will actively participate as a member of a multi-disciplinary team and will support the design and implementation of HVAC and Plumbing systems for a commercial building. This person is familiar with plumbing and HVAC systems in commercial design, and will implement requirements of codes, standards, and client design and implementation criteria. This person has a willingness to learn and use specific engineering management and document control software.

The successful candidate is a graduate of an accredited post-secondary education facility, with training in Engineering Technology, with a minimum of six (6) years relevant experience. This person has advanced skills in preparation and presentation of technical drawings, primarily of Plumbing and HVAC systems using 3D Modeling programs. This person will have strong oral and written communication skills, can work well independently and under pressure, and maintains a positive attitude.

If you are interested in joining our growing team, please apply in confidence to [employment@cahill.ca](mailto:employment@cahill.ca) quoting competition # CCE-NL-BC-12-17.

*Cahill is an equal opportunity organization. While we thank all applicants for their interest, only those under consideration will be contacted.*
