

The Cahill Group is one of the largest multi-disciplinary construction companies in Canada, with operations from Newfoundland to Alberta. We believe in taking care of our people with rewarding career opportunities, competitive compensation packages, and a dynamic working environment.

Application Support Analyst

The Cahill Group is currently recruiting for an Application Support Analyst to provide support to end users in the organization. This position is based in St. John's, NL in The Cahill Group corporate office.

Responsibilities

- Troubleshoot and resolve IS Systems related hardware, software, user access or other issues;
- Work with IS Systems users, vendors and management to determine appropriate system configuration and setup;
- Assist with testing new releases of various systems prior to use in a production environment;
- Gather user requirements
- Design, configure, test and implement upgrades and new applications as required;
- Create documentation and procedures guidelines
- Maintain the various systems and applications; supporting and training users where necessary;
- Develop and maintain automated workflow processes and custom reports.

Qualifications

- Degree or Diploma in Finance, Management Information Systems, or a related field.
- Minimum of 5 years' experience administering IS and/or ERP systems in the Engineering and/or Construction Industries.

If you are interested in joining our growing team, please apply in confidence to employment@cahill.ca, quoting competition CC-ASA-08-20. Cahill is an equal opportunity organization. While we thank all applicants for their interest, only those under consideration will be contacted.
